Great, thanks to you both. The 25th is better for me, if that's possible.

Susan,
Would you prefer we have the next meeting on July 18th (the day you get back) or the following week (Mon, July 25th)?
Thanks!
Jeremy

Thanks Susan. I am sorry I was unable to meet you in person. Agree was a very good workshop and I think it brought the different groups together in a meaningful way.

I would propose we move the meeting back a couple of weeks, important we are all there.

Tom

Hi all,

Ex. 6 Personal Privacy (PP)

I hate to miss this meeting, since it will be our first after the NAS meeting, but maybe someone can catch me up later.

Also, FYI, The Center for Food Safety has filed a lawsuit against EPA on our interim decision for difenoconazole. It cites a number of issues (toxic effects, endangered species and the fungal resistant issue). Here's an article, in case you are interested: <https://www.centerforfoodsafety.org/press-releases/6655/lawsuit-challenges-fungicide-that-causes-neurological-harms-and-imperils-wildlife-endangered-species>.

I thought the NAS meeting was very successful and only wish I could've been there in person.

Thanks,

Susan.
